

EMPLOYEE USE OF SOCIAL NETWORKING WEBSITES

The School Board strongly discourages school district staff from socializing with students outside of school on social networking websites/apps, including but not limited to MySpace, Instagram, Snapchat, Twitter and Facebook.

All school district employees, faculty and staff who participate in social networking websites, shall not post any school district data, documents, photographs or other district owned or created information on any personal social media site without District permission. Further, the posting of any private or confidential school district material on social networking websites/apps is strictly prohibited.

School district employees are prohibited from engaging in any conduct on social networking websites/apps that violates the law, school board policies, or other standards of conduct. Employees who violate this policy may face discipline and/or termination, in line with other school board policies and/or collective bargaining agreements, if applicable.

Access of social networking websites for individual use during school hours is prohibited.
